Texas A&M University Research, Measurement, and Statistics (RMS) Program

Visiting Assistant Professor

The Research, Measurement, and Statistics (RMS) Program in the Department of Educational Psychology at Texas A&M University announces an opening for a Visiting Assistant Professor (non-tenure track) within the doctoral Research, Measurement, and Statistics (RMS) Program. The applicants must have earned their doctorate in quantitative research methods and statistics, or related area by mid-August 2016. Competitive applicants will have prior teaching experience and experience integrating technology in instruction. The selected candidate will be expected to teach graduate level courses.

This is a 9-month position for two academic years with no expectation of continuing employment. The typical teaching load is 4 courses per semester. Salary is competitive and commensurate with experience. Interested individuals should complete an online application (http://epsy-int.cehd.tamu.edu/forms/visiting-assistant-professor-learning-sciences) and submit a cover letter, current CV, three letters of recommendation, statement of teaching philosophy, and teaching evaluations if available. Questions about this search should be directed to the search committee chair, Dr. Wen Luo at wluo@tamu.edu or 979-845-9250.

Review of applications will begin February 20, 2016 and continue until the position is filled. Successful candidates will have consented to and successfully completed a criminal background check. The advertisement may also be viewed at http://epsy.tamu.edu along with other department program and faculty information.
